

### Diamond Pro Bricks

Pro® Mound/Home Plate Clay Bricks are unfired, compressed clay bricks that are perfect for constructing, maintaining, or repairing high-stress areas. When watered down, the bricks turn to firm clay to provide greater durability and reduced maintenance in these areas. Clay bricks can be used to construct, maintain, or repair pitcher's mound, bullpen, catcher's box, and batter's box.

#### Benefits:

- Provide durability
- Reduce the need for frequent maintenance of high-stress areas
- Ready to use
- Become firm clay when watered down
- Essential in constructing, maintaining, or repairing pitchers mound, bullpen, and home plate areas

#### Recommended Use:

- Baseball
- Softball
- Parks & Recreation
- Youth Leagues

#### Availability & Specifications:

- 4" x 8" x 2 1/2"
- 300 bricks per pallet
