PROFESSIONAL CONDITIONER™

INFIELD CONDITIONER

Diamond Pro Professional Vitrified Clay

Diamond Pro® Professional Vitrified Infield Conditioner is a specialty product made with the professional in mind. Its clean, consistent gradation, combined with its availability in specialty colors, makes Diamond Pro® Professional Vitrified Infield Conditioner the perfect choice for professional skinned surfaces.

Benefits:

- Improves safety
- Reduces rain delays
- Reduces compaction
- Incorporates well into an infield
- Helps prevent rain-outs
- Improves drainage
- Controls moisture
- Will not compress or stick to cleats
- Gives a richly-colored, professional-quality field

Recommended Use:

- Baseball
- Softball
- Parks & Recreation
- Youth Leagues

Top Dressing:

- Apply ¼ inch of Infield Conditioner to all skinned areas, infield, home plate area, pitcher's mound and base paths.
- Apply Infield Conditioner as often as necessary to maintain the desired playing surface.
- Nail drag, Screen drag, water and PLAY BALL!

Renovating or Tilling Infield Skin:

- Spread ½ inch of Infield Conditioner evenly on the infield.
- Till the ½ inch of Infield Conditioner into the infield soil to depth of 2 to 3 inches.
- Grade surface, then roll infield surface to compact
- Add ¼ to the surface for protection
- Soak, Nail drag, screen drag
