DIRECTIONS FOR TURF GRASS
This product is a fertilizer suitable for use in any given application depending upon existing soil chemistry, turf type, and intended use of the turf area. The best results with this product are obtained when it is applied to actively growing grass, and watered into the turf soon after application. Avoid mowing immediately following application to prevent product pick-up. Sweep, brush or blow off any non-target areas to alleviate any staining or unwanted effects.

**RATE OF PRODUCT**

For use as a phosphorus supplement on existing lawns or as a starter fertilizer in lawn establishments. Recommended applications are at the rate of one pound of phosphate per 1,000 sq. ft. Actual rates and timing of applications will vary with weather, soil and turf conditions.

**COVERAGE:** 1 - 50 pound bag of 14-20-14 covers approximately 10,000 Sq. Ft. at the application rate of one pound of phosphate (5.00 lbs. of actual product) per 1,000 sq. ft.

**SPREADER SETTINGS**

The spreader settings are provided as a recommendation. Each user should calibrate their own spreaders for proper application. Bulk density, particle size and a change in fertilizer analysis will also effect your spreader setting.

**PRECAUTIONARY STATEMENTS**

May cause eye or skin irritation. Maybe harmful if swallowed. Wash hands thoroughly after handling. Wear eye and face protection. Do not breathe dust. Dispose of contents/container in accordance with Federal, state and local regulations. Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn/garden.

**FIRST AID**

Eye Contact - flush eyes with running water for at least 15 minutes. Skin Contact - wash from skin with soap and water. Ingestion - dilute with water or milk. If necessary, induce vomiting only when victim is conscious. Call a physician. Get medical attention if you feel unwell.
