Re: Metal Valves Price Increase

Effective Monday, March 22, 2021, NIBCO will issue a price increase for NIBCO Valves and all Webstone products. See price sheets listed below for associated percentage changes.

The increases will affect the following price sheets:

Commercial & Industrial Butterfly Valves	BFV-1120	5%
Bronze & Iron Valves	BIDV-1120	5-9%
FLO-BOSS® Balancing Valves	BVPL-1120	5%
Commercial & Industrial Bronze Ball Valves	CBV-1120	5%
Fire Protection Valves	FPP-1120	5-9%
High Performance Butterfly Valves	HPBFV-1120	5%
Industrial Carbon & Stainless Ball Valves	INDBV-1120	5%
Irrigation Valves	IRR-1120	5-9%
Lead Free Valves	LF-VLV-1120	5-12%
Parts	PARTS-1120	5%
NIBCO® Press System Valves	PRESS-VLV-1120	5-12%
Sure Seal®	SSEAL-1120	5%
Bronze & Iron Strainers	STR-1120	5%
Specialty Valve Products	SVP-1120	5-12%
Webstone® WBSV	WBSV-0519	3-10%

March 1, 2021

Dear Valued Partner:

Due to sustained upward movement in the costs of raw materials and packaging components for solvent cements, primers and cleaners we are faced with the necessity of increasing prices of our solvent-based products by 12% effective April 12, 2021.

MEMO

To: Weathermatic Distributors

From: Parry Webb, Vice President of Sales

Date: March 1, 2021

Re: April 2021 Price Change Announcement

Weathermatic will be implementing some price changes to our whole goods products effective April 1, 2021.

The following product categories are affected:

March 1, 2021

To Whom it may concern,

Cresline Plastic Pipe Co., Inc. increased PVC pricing in January, February, and March as a result of increasing PVC raw material prices and very tight supply. The four major PVC resin suppliers declared force majeure because of winter storms in the southern part of the country causing us to move pricing upward by approximately 25%.

Price Increase Announcement – Effective April 5th, 2021

To our valued customers,

This letter is to advise you that there will be a **2-4% price increase** across all brand classes within our Enclosures products, **effective April 5th, 2021.**

NDS Announces Price Increase Effective April 19, 2021

To Our Valued Customers

NDS has experienced significant cost increases associated with plastic resins and metal prices that have escalated to unprecedented levels and were not accounted for in our January 1, 2021 price increase. Given these increased costs, NDS will implement a price increase on many of our product lines effective **April 19, 2021**.

The product categories impacted by an approximate increase identified below and may vary by sku:

Category Code	Description	Increase
41BV, 41CV, 41FL, 41FS, 42BV, 42CP, 42GV, 42LS, 42LT, 42TS, 42UN, 50LP	Flo Products, Checkmate & Union Ball Valves, Landscape	3%
10FW, 10ND, 11RP, 25FC, 25IN, 25PF, 28ND, 35AB, 35PV, 45CO, 45CP, 45FS, 55GP	Flo Well, Basins & Grates, EZ Flow, Channels, Filcoten Channels, Drintech, ABS & PVC Backwater Valves, Flex Couplings, Caps & Saddles, Grass Pavers	5%
41MV, 41XC	MIP Valves, Expansion Couplings	6%
20ME, 20ND, 20NM, 20PR, 20VT, 21DI, 25DS	Valve & Meter Boxes, Drip Irrigation, Dura Slope Channel	7%
15BR, 21DT, 45HC, 45PC	Brass Fittings, Drip Tubing, Hose & Pinch Clamps	10%
30PV, 30ST	PVC & Styrene Fittings	13%
10SC	Storm Chambers	15%

Esteemed customers,

Last year was a difficult year for the whole world due to COVID-19. We at E-Z Weld were very lucky to count on your continued patronage over that time, and we were very happy to be able to provide you with quality solvent cement the whole year without increasing our price. However, market changes have drastically increased all our raw material, shipping, and labor costs and we can no longer absorb them.

In order to keep providing you with quality cement, we are announcing a **price increase** on all our products effective **April 5, 2021**. Below are the details of the price increase. Your account manager will be sending you a list with the updated prices.

- ▶ CPVC - 11%
- ▶ PVC - 16%
- ▶ Primers - 20%
- ▶ Cleaner - 55%

Our freight terms will also be updated. Effective April 5, 2021 the minimum order amount for prepaid freight will be \$2,000 and the minimum order amount will be \$500.

If you have any questions, please do not hesitate to contact your account manager.

We look forward to another great year together!

EZ WELD

March 5, 2021

Subject: **Price Adjustment – U.S. Market**

Dear Valued Customer:

Due to increases in raw materials, freight, and other inflationary pressures, as of May 24, 2021, certain of our brands and companies will be implementing list price increases. Select items will be adjusted to reflect various higher or lower price changes. The following brands and product lines will be affected by the average increases as follows:

- *Backflow & Valve Products*
 - Watts, Ames Fire & Waterworks, FEBCO & Powers 7.6%
- *PEX Pipe, Fitting & Hydronic Radiant Products* 5.5%
- *Electric Radiant* 5.6%
- *Dormont*
 - Gas Connectors & Accessories 6%
- *Water Quality Products*
 - Watts Water Quality Products 6%
 - Pure Water & Pure H2O 6%
- *Drainage*
 - Watts Cast Iron 7.9%
 - Trench Drain 7.3%
 - Orion Chemical Waste Drainage Piping Systems 8.5%
 - BLÜCHER 6%

2021 PRICE INCREASES DBC IRRIGATION SUPPLY

Dear Valued Customer,

I want to inform you of the steel demand/price increases we are incurring this 2021 season. Due to the high demand of steel usage the US steel mills are increasing our prices daily. Unfortunately, the prices have not shown any signs of stabilizing. I will keep you posted on pricing for your landscape edging as far in advance as I can. Thank you again for your continued business and ongoing patience.

Pricing Announcement

February 23, 2021

Dear Valued Customer,

Polyethylene resin prices began to move higher in Q3 2020, and substantial resin increases in 2021 are now in place for both January and February. Additionally, two primary Polyethylene resin producers declared Force Majeure, underscoring the supply challenges that both resin and pipe producers, throughout our industry, are now encountering.

As a result of rapidly escalating cost factors we are forced to increase our Polyethylene pipe prices by approximately 20%, effective March 1, 2021. Attached you will find our revised, March 1st, 2021 Polyethylene Price List. We are limiting the pre-increase buy to two weeks of your previous year's purchases providing the product is in stock. We are not able to honor new backorders.

Your IPEX Sales Representative will contact you to discuss our new Polyethylene Price List. We thank you for your continued loyalty during this challenging period.

IPEX USA LLC

March 12, 2021

Dear Valued Maxijet Customer,

Thank you so much for your continued business, we are so grateful for all your support for all these years!

Due to the recent lack of Polypropylene and PVC Vinyl resins available to US Manufactures and the exorbitant resin price increases that we have received from our resin suppliers, we need to implement a 10% price increase effective today on our Stakes and Vinyl Tubing.

We will send you an excel spreadsheet with the new List Prices Monday to make it easier for updating your system. If you need these prices in a different format, please let us know how we can help you.

Please know that all of us here at Maxijet thank you from the bottom of our hearts for all your continued friendship and support in buying our American made products! May God continue to bless us all and may we all continue to do our best!

With much gratitude,

HYDRO-RAIN®

Built for Speed®

(ph) 888.493.7672 • (fx) 801.203.1179

P.O. Box 540508 North Salt Lake, UT 84054

**Notice of 6% Price Increase
Effective MAY 17, 2021**

March 17, 2021

Hydro-Rain Distributor,

As High Density Polyethylene (HDPE) polymer, manufacturing materials, and freight charges from our Asia factories have continued to rise sharply these costs are now beyond the point needed to act. To mitigate the potential for loss we will be increasing all Hydro-Rain and associated sku's (Hydro-Rain®, Orbit®, Bond® and Stanley® Tools) 6% on May 17, 2021.

Orders for immediate release will be considered, assuming they are in line with your normal purchasing pattern.

An updated price listing will be sent to you on or around April 17, 2021.

Thank you for your continued support as we all navigate pricing and inventory through the season!

Your Hydro-Rain Sales and Support Team

From: Joe Holohan

Re: Buckner/Superior List Price Increase

Dear Valued Buckner/Superior Distributor Partner,

Thank you for your business and continued support of the Buckner and Superior brands of Irrigation and landscape products. This letter will serve as notice of our upcoming price increase on **whole goods and parts/kits**. Despite our best efforts to maintain our current pricing structure increases in the price of copper, freight, and continued import tariffs requires us to implement a list price increase that will be effective **March 1, 2021**. The attached Excel price list reflects an increase of **3%** over current published pricing. Again, please note this increase will affect whole goods, parts and kits. There are several items that will **NOT** be affected by this increase, most notably, all Specialty Products and SPV Valve pricing will remain unchanged. Please note orders submitted on or after March 1, 2021 will be confirmed at the new pricing.

Please find attached the new price files in Excel format. Currently, this is the only available format. In the coming weeks we will be making a PDF version available, as well as hard copies that will be available via mail. Please contact your local Buckner/Superior salesperson or our customer service department with your requests for copies. You can make these requests via email to customercare@stormmfg.com or by calling customer service at (800)210-2525.

We thank you for understanding the necessity of this increase and for your continued support of the Buckner and Superior brands. We will continue to provide you with the highest level of service on a daily basis.

If you have any questions, please feel free to contact me directly at one of the numbers below. We sincerely value your partnership and look forward to a successful 2021 together.
